Arrested Again

In October, we continued doing outreach and online teaching with the Hmong in Southeast Asia. **Fung taught three separated groups online with a total of 62 people for three weeks, ten hours per day.** One evening, Fung prayed to the Lord saying, "Lord, I am exhausted from teaching. Please help me." The next day of the third class, someone reported about the training at the hotel to the local authority. Holding training without the local authority's permission is illegal in that country, but getting permission for any training is impossible. **The local authority came and shut down the training.** Some of the students had to go back and forth to the police station for questioning during the next three days. For Fung, he got to rest for three days without training anyone. It was hard to discern whether it was the Lord's will that the authority came to stop the training so Fung could rest; or was it the work of the devil? In Philippians 4, the word of the Lord says, "Be anxious for nothing, but in everything by prayer and supplication, with thanksgiving, let your requests be made known to God; and the peace of God, which surpasses all understanding, will guard your hearts and minds through Christ Jesus" (Phil. 4:6-7). We knew that there was a risk for holding the training at the hotel without the authority's permission. But at the same time, we got permission from the Lord Christ Himself to hold fast to His word and not to fear those who kill the body but cannot kill the soul (Matthew 10:26-28). So, by prayer and supplication, we held the trainings. Here is a link to a short video: <https://vimeo.com/476528382>. The password: **102020**.

Currently, Fung received more requests for online training from the Hmong Christians in Laos and Vietnam because of the three books that Fung has written in the Hmong language about the foundation of Christian faith, church duties and responsibilities, and the Christian life. **Fung has the time and the will to train them, but not the financial support to make it happen.** We are putting their requests in the Lord's hands through prayers and supplications that He will work through you to help train the Hmong to grow in faith and services toward others. Please send in your financial support to Mission of Christ Network, and earmark it: **Lo Family--Theological Training.**

Baptisms

Working with our Hmong pastors, and with your prayers and financial support, in October alone, **177 individuals received Biblical trainings, 7 people confessed Christ as their Savior, and 23 baptisms.** As they continue to learn the word of God in accordance to our Lutheran doctrines and confessions, there will be more baptisms in November. Please keep our Hmong pastors and evangelists in your prayers and financial support so that the Kingdom of God will be expanding among the Hmong in Southeast Asia.

Persecution Victim's Housing Update

It was a blessing to receive so many prayers and financial support from many of our supporters to help build Koua Ntxhai's house. However, as the building process started, the local authority came and put a stop to the project because Christians from another province came to help build the house. It took a week for the leaders to work things out with the local authority to get the permission to finish the house. We give thanks to the Lord for working through His people to help build the house for Koua Ntxhai and his mother to start a new ministry in their village.

A Special Need

Our family is in need of your prayers and financial support. The shut-in during COVID-19 has been difficult for many of our supporters to continue to financially support the Lord's ministry through our family. We are asking, if you are able, to please prayerfully increase your financial support so we can continue to engage the Hmong in Southeast Asia with the Gospel. Thank you. **Your missionaries: Fung, Kalia, and Mercy Lo.**
