11TH SUNDAY AFTER PENTECOST

SERMON - MISSION STATEMENT GUEST PREACHER: DUANE HIGHLEY

What three little words define our purpose and drive everything we do at Risen Savior?

God has put us in the midst of a community that is increasingly secular and lost to the faith.

What letter would God write to our church? What tools has he given us to grow and share His message?

Come to worship Sunday as to hear about Risen Savior on ICE.

MISSION GROUP UPDATES

Mission of Christ Network

From the Lo Family: During the month of July, Fung continued to travel and visit churches in Nashville and Memphis, Tennessee. During his traveling, Fung got to witness the love of Christ to many individuals along the way. At two different occasions, Fung purchased gas for two individuals that needed gas for their vehicles. During Fung's interactions with them, he learned that both individuals were Christians. After Fung purchased gas for them, Fung thought to himself, "Did they trick me to buy gas for them, or did they really need help? Whatever their motives were, they certainly will never get rich by conning people. However, I felt rich with love for them." This is why the scripture says, "It more blessed to give than to receive" (Acts 20:35). In some ways, our family also in similar situation as those men that needed help. That is why Fung was traveling to visit and speaking at churches to ask for their financial support for the Lord's work in Southeast Asia. We pray and hope that you felt rich and blessed when you gave to the Lord's work through our family. Please continue to pray for our financial support and our Hmong pastors as we continue to engage others in the mission of God. Pray for more churches for Fung to visit as he plans to visit Florida-Georgia and Pacific Southwest Districts in the Fall and Winter seasons.

Crossing Cambodia

From the Holz Family: We are excited to let everyone know that Sinuon passed her citizenship exam and received her certificate on the very same day! She is now an American! While this part is past, we still need to get her a US passport before she can return to Cambodia. As a US citizen she now cannot legally leave the USA without an American passport. Currently in the US there is a huge backlog on passports and processing times are through the roof. We have been trying very hard to get an appointment at a passport agency to request a passport for urgent travel but there is no way at present to make appointments online and it has been impossible to talk to a person on the phone. We already expected that we would have to delay our return to Cambodia as we await new passports for Richard and Elena, but if we are forced to apply for Sinuon's passport by the traditional method it may not be until October that she could return to Cambodia. We had been praying for a miracle that would allow us to return to Cambodia by September, but because of this uncertainty, the unclear situation with schools in Cambodia, and with the ever changing Covid situation over in Cambodia we have decided that there are just too many variables and uncertainties ahead of us. As such we have decided that we will return to Concordia, MO for the fall and enroll our kids there for the fall semester again. Once everyone is settled, I will try to go back to Cambodia to take care of things there and we will keep an eye on the ever changing situation to decide when it will be best to return. Obviously, this is not how we envisioned our travels this year, but we must trust God's plans for our family and continue to go where ever He leads us. Please pray that God will watch out for our family as there are so many uncertainties and challenges ahead of us at the moment. Pray that God will make our path clear and that He will lead us back to Cambodia according to His plan and timing.
